

## Senior Software Engineer & Integrator

Location: Timisoara / Hybrid work

Experience: Enthusiastic Senior-level professional with minimum 5 years of experience

### WHO ARE WE?

Elysian Software is a Romanian software development company that provides software consultancy to clients spread over 4 continents and from over 10 different industries (logistics, automotive, access control, retail, manufacturing, pharmaceutical, etc.).

Our team of over +30 experts with more than 15 years of experience in the field is here for both early-stage companies and corporations.

We provide meaningful digital solutions that support our customer's just cause.

We are also a fun company. Yes, everybody says that. You'll have to meet us and see for yourself.

### WHAT WILL YOUR ROLE INCLUDE?

- Design, develop, implement and test the software products and services we offer;
- Submitting project deliverables and ensuring that they adhere to quality standards;
- Preparing status reports by gathering, analyzing, and summarizing relevant information;
- Establishing effective project communication plans and ensuring their execution;
- Coordinating with cross-discipline team members to make sure that all parties are on track with project requirements, deadlines, and schedules, assign tasks;
- Obtaining customer acceptance of project deliverables;
- Managing customer satisfaction within the project transition period;
- Conducting post-project evaluation and identifying successful and unsuccessful project elements.
- Mentoring colleagues to increase the technical and functional knowledge

### WHAT WE LOOK FOR

- Bachelor's degree or Master's degree in Computer Science, SW Engineering or related technical discipline;
- Good knowledge of: OOP/Java, solid knowledge of relational DB, friendly with Linux or containerized deployments;
- +5 years of experience as a Software Developer and a minimum experience in project management/team coordination (3-4 people);
- Ability to lead project teams of various sizes and see them through to completion;
- Good verbal and written language skills for English, other languages (French, German) are a plus.

### WHAT WE OFFER:

In addition to the support of some fine colleagues for both coffee and problems, we also offer:

- Competitive salary and performance bonus;
- Pleasant work environment with global exposure;
- Professional and personal growth: access to technical and vocational development courses;

- Private medical insurance;
- Central location with safe parking space for bikes, and a nice garden for coffee breaks;
- Work-life balance: sports activities subscription, working from home policy, schedule flexibility, team building, bookster subscription and monthly group organized relaxing and fun activities;
- Wide scope of action by integration of modern technologies (e.g.: robotics, autonomous vehicles).
